## Meeting Log

### **Purpose: Sending and Displaying Inkscape Content**

Time: 5:45pm

Location: CSSE Conference Room

Secretary: Steven Montgomery

Present: Jason, Jonas, Steven, Matt, Brandi

Guest: Dr. Salman Azhar

### **Inkscape:**

- Successfully linked
- Making progress towards destroying dialogs correctly
- Crashes after original sender sends some messages, then receives a few and tries to send again
- Added C cache code that should speed up full builds

### **Jabber:**

- program code interface document
- Set receiver dialog
- Worked on the linking issue, fixed.

### **Meeting scheduling**

- Originally planning to write conflict document on Thursday and Friday of 10<sup>th</sup> week, but Brandi might be gone for an interview.
- Thursday work meeting conflicts with faculty candidate, so have a shorter meeting.

### **Make binaries**

- Would like to be able to release a compiled binary

### **Requirements**

- Review of requirements confirms that we only need to share 1 document per chat room, not multiple documents.

### **To Do:**

Goals for this week: *Working, demonstrable program (can have bugs)*

Jabber-side (Jonas, Steven)

- Handle dropouts/reconnections gracefully
- Buddy list
- Investigate/fix possible memory issues

Inkscape-side (Jason, Brandi, Matt)

- Sending/receiving issues (1-1)
- Dialog niceties

- Memory problems
- Conflict resolution

**Dr. Azhar's Comments:**

1. Suggest we try to interact with faculty candidates
2. Retrospective will be needed. Schedule time in next Tuesday meeting for examining documents and tracking time

**Next Meeting(s):**

**Group Meeting: Thursday, Feb 10, 2005, 9<sup>th</sup> Hour in the Sun Lab**

**Presentation: Wednesday, Feb 16, 2005, Time and location TBA**
